I have the honey and crackers (Hickory Honey from last fall). I will see you then.

Sharon

Think in terms of mixed age groups. If you want to talk about the importance of bees and how honey helps us, that would be great. We can have some sort of honey and cracker snack for each child. I will see if I can get a parent to help you.

Hey,

Sorry it took so long to get back to you. I will be able to help you and your students out on April 12th. Is there anything special you need me to bring or do that day?

Looking forward to it,
Sharon

Candy,
What is the date?

Sharon,

Would you or Gary be able to attend our Wellness Day and do a presentation on bees? Particularly, the health benefits of bees and their honey. We run this event from 12:30 - 2:45 with mixed grade level groups. Each session is 15 minutes long.

Side note, I ordered two new colonies. I think I am going to try to figure out how to cover them for winter in their own little miniature greenhouse. My husband has an idea we might try to flush out.
